

ABP Series Absolute efficiency filter bag

Feature:

high efficiencies with very low initial pressure drops

fine particle capture

100% PP Melt-Blown material sure table for wild applications

99% efficiency

OEM available

Silicone Free

Absolute efficiency 99%:

Applications:

- Acids and Bases
- Amines
- Beer and Wine
- Carbon beds
- Completion fluids
- Deep wells
- Desalination
- DI resins
- Edible oils
- EDM fluids
- Fructose
- Glycol
- Liquor
- Machine coolants
- Magnetic media
- Makeup water
- Organic solvents
- Photo chemicals
- Plating solutions
- RO membranes
- UF membranes
- Ultrapure water
- Wastewater
- Workover fluids
